notes

this is what happens when you take some really old carignane (like pushing the century mark) and turn it into a bad-ass rosé. all fresh strawberry up front, the wine's surprising depth and acidity keep things exciting. the bone-dry finish hangs around longer than you might expect.

about

we are a family-owned, craft winery committed to making small-lot wines from the best vineyards we can find in lodi, clarksburg and the sierra foothills. in a lot of ways, that's kind of our mission statement...and one that we are absolutely, fundamentally passionate about.
